Modern Castings' Index for 1960

Published by Modern Castings Magazine
Golf and Wolf Roads, Des Plaines, Ill.
January-December Volumes 37-38

A

Ahearn, P. J., P. S. Schaffer, and M. C. Flemings: Vacuum Induction Melting High Strength Steels, Oct., p 95

Ahl, H. C.: Clean Melt, May, p 212

AIRCRAFT CASTINGS

Magnesium Foundry Practice Developments: J. House, Dec., p 92

Six Molding Materials: G. L. Tingley, Jan., p 32

U.S. Air Force Titanium Casting Project, Mar., p 37

Air-Setting Cores Speed Production: A. M. Shirley, Sept., p 40

Albanese, J.: Shell Mixing Processes, May, p 111

Alloy Casting Institute, Name J. D. Hagans, Sept., p 151

ALUMINUM

Alloys, Solidification of: R. E. Spear & G. R. Gardner, Jan., p 36

Alloy with High Silicon Content: E. E. Stonebrook, July, p 111

Aluminum Alloy Die Casting: R. R. Woodward and H. J. Proffitt (outline of British Practice), Oct., p 123

Aluminum Alloy Test Bar Casting Temperature Effect on Properties: J. W. Meier and A. Couture, Nov., p 98

Aluminum Export Status—Carl H. Burton, Oct., p 12

In Automobiles, Mar., p 6

Automotive Castings: R. F. Thomson, Mar., p 30

Block for Outboard Motors, July, p 136

Brake Drums Made of New Alloy, Aug., p 156

Casting Alloys Properties Improvement by Grain Refining: K. Schneider, Apr., p 176

Casting for Defense: M. L. Slawsky and F. A. Heiser, Nov., p 47

Cellular Aluminum, Sept., p 156

Die Casting, Low Pressure: E. C. Lewis, May, p 155

vs. Gray Iron: C. A. Sanders, June, p 36

Melting Practices for Permanent Mold & Die Casting: W. Bonsack, June, p 44

Molding Materials 6: G. L. Tingley, Jan., p 32

Molten Metal Handling in Die Casting Plants: V. D. Sweeney, Nov., p 110

New process for smelting, Sept., p 8

Nonferrous Binary Alloys Hot Tearing: R. A. Rosenberg, M. C. Flemings & H. F. Taylor, Sept., p 112

Solidification of Aluminum Castings: M. C. Flemings, S. Z. Uram and H. F. Taylor, Dec., p 66

Tens-50 Patented, Feb., p 132

They've Cast An Aluminum Skyscraper: W. A. Mader, Dec., p 42

Ultra High Pressure Casting: J. L. Reiss & E. C. Kron, Mar., p 89

Ultrasonic Vibrations, June, p 171

Aluminum Alloy Test Bar Casting Temperature Effect on Properties: J. W. Meier and A. Couture, Nov., p 98

American Foundry & Machine Co. Presents Design Symposium: R. Russell, Jan., p 38

AMERICAN FOUNDRYMEN'S SOCIETY

Apprentice Contest Winners, June, p 34

Apprentice Contest Winners, Aug., p 44

Awards, Gold Medal, Scientific Merit, Service Citations, May, p 62

Awards, Seven Named, Mar., p 119

Caine, J. B. Will Discuss Design Importance 65th AFS Congress, Nov., p 121

64TH CASTINGS CONGRESS EXPOSITION

Advances in Metalcasting Today: J. H. Schaum, June, p 29

Exhibitors, May, p 63

Exhibitors Product Review, Mar., p 41

Exhibitors Product Preview, Apr., p 47

Exhibitor Product Preview, May, p 71

Evans, Dr. Bergen, Banquet Speaker, May, p 59

Host Committees, May, p 58

Hoyt Lecturer—W. J. Grede, May, p 58

Hoyt Lecturer Named, Feb., p 87

Plant Visitations, May, p 69

Preview of Metalcasting Technology, Mar., p 40

Products Spotlight, June, p 153

Program, May, p 48

Research in Foundry Future: C. E. Nelson, June, p 125

Technical Session Highlights, June, p 134

Touring the Show, June, p 128

Central New York Chapter Forms Southern Tier Section, Jan., p 114

Chapter Officers Conference, Aug., p 121

Core Test Committee Meets, May, p 165

Core Test Group Studies CO_2, Sept., p 129

Director at Large Named, Apr., p 115

Director Named, June, p 138

Director Named, National, May, p 165

Directors and Vice-President Elected, June, p 126

Divisions Plan for Congress, Research, Feb., p 86

Education Division Chairman Named, Jan., p 106

Educational Courses Sponsored by Philadelphia, Northeastern Ohio & Ontario Chapters, Jan., p 111

Five New Tests for Controlling Shell Molding Sand Mixtures, Oct., p 55

Green Sand Committee Seeks Data, Aug., p 129

Hewitt, Richard J., Named AFS Convention and Exhibit Manager, Sept., p 128

Hoyt Memorial Lecture: J. B. Cain to Discuss Design Importance 65th AFS Congress, Nov., p 121

Hoyt Memorial Lecture: W. J. Grede, June, p 59

Inclusion Study Uses New Method, Oct., p 144

Market Survey, Mar., p 29

Mold Surface Group Conducts Investigation, Sept., p 129

Northeastern Ohio Chapter Honors W. Seelbach, Apr., p 123

Officers, May, p 60

Officers and National Directors Nominated, Jan., p 99

President Elected, June, p 125

AFS Publishes New Pattern Manual, Oct., p 143

Radiation Protection Manual, Mar., p 119

Regional Vice Presidents, Directors Receive Chapter Contact Assignments, Oct., p 147

Select Nominating Committee, Oct., p 145

Society Leads Drive to Cut Exhibit Costs Through New Operating Code, Nov., p 121

Society Sponsors 10 Investigations, Sept., p 128

Start Study of Seacoal Effects, Oct., p 145

Student Tours as Chapter Project, Aug., p 134

Twin City Education Program Brings Story of Casting Industry to Students, Teachers: M. Granlund, Sept., p 130

REGIONAL FOUNDRY CONFERENCES

All-Canadian, Dec., p 126
East Coast, Jan., p 102
New England, Dec., p 129
Northwest, Dec., p 133
Purdue, 1959, Jan., p 102
Purdue (1960), Dec., p 131
Southeastern, Apr., p 118
Wisconsin, Apr., p 116

Sand Division Chairman & Vice-Chairman Named, Apr., p 121

Sand Division Committee Meets, May, p 163

Survey Shows New Equipment Need, Feb., p 15

Technical Council Meeting, Aug., p 124

Technical Services Available in Safety, Hygiene & Air Pollution, Aug., p 127

Trustee Elected to Foundry Educational Foundation, Apr., p 115

Wentworth Institute Open House, June, p 139

Western Michigan Chapter Sponsors Foundry Instructors' Course, May, p 171

Veining Research by Committee 8-J, June, p 138

TRAINING & RESEARCH INSTITUTE

Casting Design & Stress Analysis Course Held, May, p 166

T&RI Course Outlines Core Practice Data, Oct., p 144

Cupola Course, Mar., p 121

Ductile Iron Problems Studied, Aug., p 127

Gating & Risering Course, Apr., p 121

Local Chapters Present Courses Aug., p 126

Maintenance Course, Apr., p 121
Metallurgy of Ferrous Metals Course, Apr., p 122

Ontario Chapter Sponsors Course, May, p 166

Permanent Mold, Die Casting Course, Feb., p 88

T&RI Purchasing Course Stresses Fundamentals, Nov., p 125

Sand Control Course, Jan., p 107
Shell Molding Course, June, p 136

Tennessee Conducts Course on Melting, Sept., p 126

Trustee Elected, Apr., p 115

American Steel Foundries, "The Fifth Wheel"—A Casting Breakthrough!, Oct., p 48

Anderson, A. J. and G. J. Sutton: Physical and Chemical Conditions Variation Effect on Bentonite Suspension Properties, Nov., p 88

Anderson, V. O., Winner of "Die Casting of the Year", Nov., p 37

Antes, H., H. McCurdy & R. E. Edelman: Casting Ordnance Titanium Parts, Aug., p 76

Apprentice Competition in Western Europe, Aug., p 8
